

# Cherry Hill and Black Creek

Different lifestyles with a common goal

If you type the word “lifestyle” into Google’s search engine, the number of hits available for you to explore – a whopping 54,700,000 – would likely become a bit of a lifestyle in itself, if you chose to pursue this search.

So what does that tell us? Among other things, it indicates that “lifestyle” means different things to different people. To some, it’s a world of exotic vacations, expensive cars and luxury homes. To others, it means growing your hair long – or shaving it off – buying a backpack and hitting the road.

For most boomers though, it means finally embracing many of those activities they’ve long dreamed about but have postponed because of family and career commitments. With retirement either pending or a welcome new reality, they are availing themselves of new opportunities to create and shape a lifestyle that finally fulfills those dreams.

Parkbridge Lifestyle Communities offers two adult-lifestyle communities in the Niagara Region – Cherry Hill at Vineland and Black Creek Leisure Homes. Both are perfect illustrations of the different ways homeowners fashion their lifestyles. Black Creek has both indoor and outdoor swimming pools, and its 12,000-square-foot community centre boasts more facilities and activities than one would ordinarily expect in a secure, gated community. As well as the two pools (aqua-fit classes are very popular), its nine shuffleboard courts (indoor and outdoor), two tennis courts, horseshoe pits, bike and walking trails, and an adjacent 27-hole golf course offer every opportunity to stretch one’s muscles, while the indoor whirlpool spa and two Swedish saunas offer soothing relief afterwards. Its games room includes several billiard tables, darts, and card tables (bridge, poker, euchre and cribbage), while the crafts and hobby room is home to a variety of creative endeavours by a growing number of homeowners. And the 400-seat Great Hall hosts numerous dances, dinners, variety shows and special events organized by the Social Committee.

Cherry Hill at Vineland, on the other hand, is a haven for lovers of fine wine, gourmet dining, antiques, theatre, country markets, and boating. Nestled within the heart of the Niagara Wine Region, Cherry Hill is within 30 minutes of over 150 wineries, many of whose wines have garnered gold awards in international competitions. Not surprisingly, many of them also offer superb, critically acclaimed menus. The country roads are peppered with numerous antique shops, the internationally recognized Shaw Festival is also a mere 30 minutes away, while the closest of several marinas is only seven minutes from Cherry Hill.

Phase I of Cherry Hill’s community centre opened last fall and hosts a variety of functions organized by the Social Committee. Euchre, bridge and poker nights, daily exercise classes, daily coffee klatches, games nights, regular Friday Happy Hour, pub night/dance, line dancing, and neighbourhood barbecues are just some of the activities residents enjoy, as well as bike riding through the orchards and vineyards that surround the community.

Homes at Black Creek are priced from \$99,900 and at Cherry Hill, from \$179,900. Different homes, different lifestyles, but with at least one thing in common – dreams fulfilled. ■
